

Franco Carreira

Full Stack Developer

ABOUT ME

I'm a passionate programmer with a bachelor's degree in Natural Sciences. I embarked on a coding bootcamp to learn full-stack web development, where I discovered my love for problem-solving. My core skill set includes React, Next.js, Node.js, and PostgreSQL, with experience in TypeScript and Python. I'm always eager to learn new technologies and am currently seeking opportunities as a backend or full-stack developer.
